

# LIQUID FARM

{ "LIQUID FROM FARMING" – MAKING AND SEEKING WINES OF TYPICITY... }

We seek to support local viticulture and at the same time, honor our palate's love for Old World wines that have naturally high acidity and are not manipulated or masked by many of the possible modern day manipulations.

Our passion? Sta. Rita Hills. Chardonnay from this AVA has an unmistakable minerality, energy & raciness that we're addicted to and have not found elsewhere in CA. LF started w/ 4 barrels in 2009. We're all Chardonnay, all Sta. Rita Hills w/ the exception of a tiny amount of earthy, mineral-driven Mourvèdre Rosé from the East side of Santa Ynez in the new Happy Canyon AVA.

**ROSÉ 2013**  
HAPPY CANYON AVA

**ETA FEB/MAR 2014**

ALC. 11.8%
